Students can receive a blue ticket from any adult in the building at any time. All tickets are collected daily and at the end of each week Mrs. Fowler selects two winners in grades K-2 and two winners in grades 3-5 from the collection box (in the front office). This is a new program, implemented in the 2016-17 school year.

**BOG Tests (Beginning of Grade):** A standardized literacy test given to all third graders within the first few weeks of school. It is a pre-test to determine if students have mastered any third grade standards before standards have been introduced in the classroom. A score is given and is used as a growth model for each individual child. This score helps teachers understand where individual third grade students demonstrate academic strength and areas for growth in literacy.

If you are picking up your child from school via carpool at the end of the day please be in line no later than 4:15pm. This group, which is typically limited to first grade and higher, practices weekly and attends local, state and national competitions throughout the year. Look for flyers at the start of the year to sign up, or visit the MPTS PTA website for additional ways to sign up. This club is instructed each week by two or more professional chess instructors, therefore there is a charge for joining the team. Team members are expected to participate in a few tournaments each year.

Curriculum Nights are divided by grade level into Kindergarten through Second and Third through Fifth; you need only attend the Curriculum Nights that apply to the grade(s) in which your children are enrolled. The first curriculum night of the year, held in mid to late September, is particularly important because teachers go over classroom schedules, rules and expectations. There may be one or more additional Curriculum Nights scheduled during the school year. If you are not able to attend, follow up with your teacher to get copies of any handouts provided or presentations that were made so you can stay informed of what is happening in your child's classroom.

**Dana Auditorium:** A performance space on Queens University's campus (at the corner of Selwyn and Wellesley), which MPTS uses in lieu of an auditorium. Children attend cultural events at Dana Auditorium. Additionally, the school's holiday performances and Fifth Grade Graduation take place at Dana.

**EOG Testing (End of Grade):** Standardized tests given to third, fourth, and fifth graders in the areas of Literacy, Math, and Science (fifth grade only) at the end of the school year. This test measures what students have learned throughout the school year according to the Common Core Standards. conjunction with Field Day. Parents are welcome to eat lunch with their children on the field.

**Fifth Grade Graduation:** The Fifth Grade Graduation ceremony takes place in Dana Auditorium on the Queens University campus, normally a day or two before school dismisses for the year. This is a very special event and families of fifth graders are encouraged to attend.

Families can download the app and have access to real-time location of their child's bus on a map as well as scheduled and actual arrival times at their assigned stop and school. The app can simplify morning and afternoon routines

for parents and students by giving them real-time bus location and text or email notification alerts to help get them to the bus stop on time. It utilizes our GPS data and an easy to use customizable map that works on a computer, tablet or smartphone. Signing up is EASY! On your desktop computer, you can sign up at <https://herecomesthebus.com/getting-started/>. You will need the district code (73877) and your student's ID number (contact your child's school if you don't have it) to sign up.
